

## Good Chemistry.

ClearTech is a leading industrial chemical manufacturer and distributor of chemicals, chemical feed equipment, weighing systems, analytical instrumentation, and laboratory products for municipal, commercial and industrial uses. Across Canada we deliver quality chemicals and equipment from the top suppliers and are recognized in the industry for leadership in responsible distribution.

ClearTech understands the complete process. We can assist in determining the proper chemistry for your application; deliver the chemicals to your site; assist with the correct equipment to properly handle and feed the products; and provide analytical means to measure the results after chemical treatment. We also offer calibration, certification, on-site service and start-up support. ClearTech strives to provide a

level of technical expertise and service unsurpassed in our industry.

Call us at 800-387-7503 or visit [www.cleartech.ca](http://www.cleartech.ca) to experience the ClearTech difference for yourself.

Making your job easier since 1977

# Chemicals

A	Acetic Acid	CTI 4900 Series	Poly Aluminum Chloride		
	Activated Carbon (powder/ granular/pellet, coal/wood/coconut)	Cyanuric Acid	Polydex Algacide		
	Algacide	D	Dechlorination Tablets	Polymers (dry, liquid, emulsion)	
	Alkyl Benzene Sulphonic Acids (DDBSA, LABSA)	Defoamers (Silicone, Synthetic, Mineral oil)	Diatomaceous Earth	Potassium Carbonate	
	Aluminum Chloro Hydrate (ACH)	Disodium Phosphate (DSP)	Dow Acumer Series	Potassium Chloride	
	Aluminum Sulphate, Liquid/Dry	E	EDTA	Potassium Hydroxide (Caustic Potash)	
	Ammonia/Morpholine Blend	F	Ferric Chloride	Potassium Permanganate	
	Ammonium Bifluoride	Ferric Sulphate	Filter Aids	Propylene Glycol	
	Ammonium Hydroxide (Aqua Ammonia)	Filter Media (Sand, Gravel, Quartz)	FilterClean Series	Purifiber Filter Media	
	Ammonium Sulphate	Flocculants	Fluorosilicic Acid	R	
	Anthium Dioxide	Formaldehyde Solution	Formic Acid	Resinex IEX Resin	
	Anthracite Filter Media	G	Genesys Membrane Services	Road Repair (crack filler, sealer, paint)	
	Antifoam	Glycol Ethers	Glycolic Acid	S	
	Antiscalants	Glycols	HEDP	Sequestrants	
	Ascorbic Acid	H	Hydrazine	Soda Ash (Sodium Carbonate)	
	ATMP	Hydrochloric Acid	Hydrogen Peroxide	Sodium Aluminate	
	B	Battery Acid	I	Inhibited Acids	Sodium Benzoate
Bentonite (Clay)		Ion Exchange Resin	Isopropyl Alcohol (IPA)	Sodium Bicarbonate	
Biocides		J	Jacobi Activated Carbons	Sodium Bisulphate	
BioClear Series		L	Lewatit IEX Resin	Sodium Bisulphite	
Biodex		LimeClear	M	Magnesium Chloride	Sodium Chlorite
Bleach		Magnesium Hydroxide	Magnesium Oxide	Sodium Chloride	
C		Calcium Carbonate	Magnesium Sulphate	Sodium Fluoride	Sodium Fluorosilicate
	Calcium Chloride	Manganese Greensand Plus	Sodium Fluoride	Sodium Fluorosilicate	
	Calcium Formate	Manganese Sulphate	Sodium Gluconate	Sodium Gluconate	
	Calcium Hydroxide (Hydrated Lime)	Membrane Anti-Scalants	Sodium Hexametaphosphate (SHMP)	Sodium Hydroxide	
	Calcium Hypochlorite	Membrane Cleaners	Sodium Hydroxide	Sodium Hypochlorite	
	Calcium Nitrate	Methanol	Sodium Hypochlorite	Sodium Lauryl Sulphate (SLS)	
	Calcium Peroxide	Microsand	Sodium Metabisulphite	Sodium Metabisulphite	
	Calcium Thiosulphate liquid (Captor)	Monosodium Phosphate (MSP)	Sodium Metasilicate (Anhydrous/ Pentahydrate)	Sodium Metasilicate (Anhydrous/ Pentahydrate)	
	Carbohydrazide	N	Nitric Acid	Sodium Nitrate	
	Catalyzed Sodium Metabisulphite	O	Oxalic Acid	Sodium Nitrite	
	Caustic Soda	P	Paraformaldehyde	Sodium Percarbonate	
	Cellulose Filter Media	PASS 100	PBTC	Sodium Permanganate	
	Chlorine Dioxide	Perlite	Phosphates (ortho poly blends)	Sodium Silicate	
	Chlorine Gas	Phosphonates	Phosphoric Acid	Sodium Sulphate	
	Citric Acid, Liquid/Dry	Polyacrylic Acid		Sodium Sulphide	
	ClearFlo Microsand			Sodium Sulphite	
	ClearFloc Series			Sodium Thiosulphate	
	ClearFoam Series			Sodium Tripolyphosphate (STPP)	
	ClearGreen Series			Sulphamic Acid	
	ClearHib Series			Sulphur, Prilled	
	ClearMem Series			Sulphuric Acid	
	ClearPAC Series			Surfactants	
	ClearResin Series			Synthetic Acids	
	ClearSurf Series			T	
	Coagulant Aids			Tetrapotassium Pyrophosphate (TKPP)	
	Coagulants			Trisodium Phosphate (TSP)	
	Copper Sulphate			U	
	Corrosion Inhibitors			Urea	
				W	
				Walnut Shells	
				Z	
				Zeolites	
				Zinc Orthophosphates	

## Not on the list?

If you are looking for a chemical which is not on the list above, contact us and we will help you find what you need.

# ClearTech Branded Chemicals

Bringing value to you wherever we can, ClearTech has developed the following lines of quality chemistries:

## Advance Chemicals

Cleaning and sanitizing products for agriculture, food preparation, beverage, laundry, and industrial applications

## BioClear

Bioaugmentation products for WWTP, lift stations, and lagoons

## ClearFlo Microsand

Ballasted clarifier sand

## ClearFloc

A complete line of dry, emulsion, or liquid polymers and flocculants

## ClearFoam

Foam treatment solutions for any industry

## ClearFrost

Inhibited Propylene Glycol based heat transfer fluids

## ClearGreen

Irrigation water additives

## ClearHib

Registered antiscalants and corrosion inhibitors

## ClearMem

Phosphonate-based scale inhibitors

## ClearPAC

Polyaluminum chloride coagulants and polymer blends

## ClearSurf

Dispersants, surfactants, and wetting agents

## CTI4900

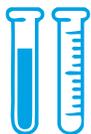

Aluminum chloro-hydrate (ACH) coagulants and polymer blends

## FilterClean

In-situ filtration media cleaners

## LimeClear

Lime deposit inhibitor in lime softening systems

Custom blending, formulation, and private labeling available on request

# Distributed Brands

## Dow Acumer

Specialty scale inhibitors and dispersants

## Genesys Membrane Chemicals

High quality reverse osmosis (RO) membrane chemicals, antiscalants, cleaners, and biocides

## Ocion Polydex

Natural mineral-based antimicrobial and algacide for potable water systems

## Jacobi

Quality activated carbons based on coconut shell, bituminous coal, lignite, and wood, offered in powdered, granular, and extruded

## Resinex Ion Exchange Resins

Ion Exchange Resins for all water treatment applications

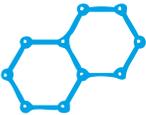

## Lanxess Lewatit Ion Exchange Resins

Ion Exchange Resins for all water treatment applications

## We're more than just chemicals

 <p><b>Grundfos</b> Class-leading motor-driven chemical metering</p>	 <p><b>Lovibond</b> Laboratory and on-line water testing and colour measurement</p>	 <p><b>Kuntze</b> Probe-based disinfectant process analyzers</p>	 <p><b>Finish Thompson</b> Complete line of centrifugal, AODD, or drum transfer pumps</p>
 <p><b>Regal</b> Quality gas chlorine feed systems</p>	 <p><b>Force Flow</b> Scales and weighing equipment for proper inventory management</p>	 <p><b>Thermo</b> Laboratory and process analyzers for water and wastewater</p>	 <p><b>Westfall</b> High performance drop-in motionless mixers</p>
 <p><b>Dynamix Agitators</b> Agitators and mixing systems for industrial process markets</p>	 <p><b>Dow Filmtec</b> Class-leading nanofiltration and reverse osmosis (RO) membrane elements</p>	 <p><b>RealTech</b> Portable and online UVT analyzers</p>	 <p><b>Snyder Industries</b> Industrial tanks, intermediate bulk containers (IBCs) for all chemical storage requirements</p>
 <p><b>SpilKleen</b> Full line of spill containment decks, berms, and pallets</p>	 <p>We supply custom engineered chemical feed systems and process instrumentation panels. Instrument service and certification also available.</p>		 <p><b>CLEARTECH</b> Making your job easier since 1977</p>
