

THE ADVANTAGE IS

BIOCLEAR

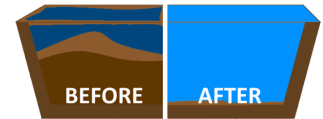

Introducing

BIOCLEAR BY CLEARTECH

Microbial Bioaugmentation Products

- **BioClear LS** – fat, oil, and grease destroyer in lift stations and other collection systems
- **BioClear ML** – biomass enhancement for facultative municipal lagoons
- **BioClear Blocks** – solid bacterial laden blocks to augment wastewater biology at the point of collection
- **BioClear Liquid** – general purpose liquid with select bacterial strains to degrade a broad spectrum of waste and organics

Applications

Lagoons

Lift Stations

Sewer Lines

Grease Traps

Manholes

Septic Tanks
