
Section 01 Identification

| | |
|--|--|
| Product Identifier | BioClear Block |
| Other Means of Identification | Not available |
| Product Use and Restrictions on Use | Solid bacterial-laden block for degrading organic waste in grease traps and lift stations |
| Initial Supplier Identifier | ClearTech Industries Inc 1500 Quebec Avenue Saskatoon, SK. Canada S7K 1V7 Phone: 800.387.7503 Fax: 888.281.8109 www.cleartech.ca |
| Prepared By | ClearTech Industries Inc. technical writer |
| 24-Hour Emergency Phone | 306.664.2522 |

Section 02 Hazard Identification

Physical Hazards

This product does not qualify for any physical hazard class under WHMIS 2015

Health Hazards

| | |
|--|-------------|
| Serious eye damage / eye irritation | Category 2B |
| Sensitization - respiratory | Category 1B |
| Sensitization - skin | Category 1B |

Signal Word

Danger

Hazard Statements

- H317 May cause an allergic skin reaction.
- H320 Causes eye irritation.
- H334 May cause allergy or asthma symptoms or breathing difficulties if inhaled.

Pictograms

Precautionary Statements

Prevention

- P261 Avoid breathing dust.
- P264 Wash affected body parts thoroughly after handling.
- P272 Contaminated work clothing should not be allowed out of the workplace.
- P280 Wear protective gloves.
- P284 In case of inadequate ventilation wear respiratory protection.

Response

- P303 P352 P333 IF ON SKIN (or hair): Wash with plenty of water. If skin irritation or rash occurs: Get medical advice / attention. Take off contaminated clothing and wash it before reuse.
- P313 P362 P364
- P304 P340 P342 IF INHALED: Remove person to fresh air and keep comfortable for breathing. If experiencing P311 respiratory symptoms: Call a POISON CENTER or doctor.
- P305 P351 P338 IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical advice or attention.
- P337 P313

Storage

Disposal

- P501 Dispose of contents / container in accordance with all federal, provincial and / or local regulations including the Canadian Environmental Protection Act.

Hazards Not Otherwise Classified

Not available

Supplemental Information

Not available

Section 03 Composition / Information on Ingredients

Hazardous Ingredients:

| Chemical name | Common name(s) | CAS number | Concentration (w/w%) |
|-------------------|----------------|------------|----------------------|
| Bacterial Complex | NF Bacteria | 68920-42-3 | <99% |

*Exact concentration withheld as a trade secret.

Section 04 First-Aid Measures

Description of necessary first-aid measures

- Inhalation** Remove source of exposure or move person to fresh air and keep comfortable for breathing. If experiencing respiratory symptoms: Call a POISON CENTER or doctor. If breathing is difficult, trained personnel should administer emergency oxygen if advised to do so by the POISON CENTER.
- Ingestion** Get medical advice / attention if you feel unwell or are concerned. If exposed or concerned: Get medical advice / attention.
- Skin contact** Take off immediately contaminated clothing, shoes and leather goods. Rinse skin with lukewarm, gently flowing water / shower for 15 to 20 minutes. If skin irritation or rash occurs: Get medical advice / attention. Wash contaminated clothing before re-use, or discard. If exposed or concerned: Get medical advice / attention.
- Eye contact** Remove source of exposure or move person to fresh air. Rinse eyes cautiously with lukewarm, gently flowing water for several minutes, while holding the eyelids open. Remove contact lenses, if present and easy to do. Continue rinsing for 15 to 20 minutes. Take care not to rinse contaminated water into the unaffected eye or onto the face. If eye irritation persists: Get medical advice / attention.

Most important symptoms and effects, both acute and delayed

| | |
|----------------------------|--|
| Inhalation | May cause allergy or asthma symptoms or breathing difficulties if inhaled. |
| Ingestion | May cause discomfort or nausea. |
| Skin contact | May cause an allergic skin reaction. |
| Eye contact | Causes eye irritation. |
| Further information | For further information see Section 11 Toxicological Information. |

Section 05 Fire Fighting Measures

| | |
|---|--|
| Suitable extinguishing media | Extinguish fire using extinguishing agents suitable for the surrounding fire. |
| Unsuitable extinguishing media | Not available |
| Specific hazards arising from the chemical | In the event of a fire oxides of carbon and nitrogen may be released. |
| Special protective equipment for fire-fighters | Wear NIOSH-approved self-contained breathing apparatus and chemical-protective clothing. |

Section 06 Accidental Release Measures

| | |
|---|---|
| Personal Precautions / Protective Equipment / Emergency Procedures | Wear appropriate personal protective equipment (See Section 08 Exposure Controls and Personal Protection). Stay upwind, ventilate area. Avoid breathing dust. |
| Environmental Precautions | Prevent material from entering waterways, sewers or confined spaces. Notify local health and wildlife officials. Notify operators of nearby water intakes. |
| Methods and Materials for Containment and Cleaning Up | Dry sweeping is not recommended. Pre-dampening the material or use of a vacuum is preferred. Shovel into clean, dry, labeled containers and cover. Flush area with water. |

Section 07 Handling and Storage

| | |
|--------------------------------------|--|
| Precautions for Safe Handling | Use proper equipment for lifting and transporting all containers. Use sensible industrial hygiene and housekeeping practices. Wash thoroughly after handling. Avoid all situations that could lead to harmful exposure. Avoid generating dust. Inspect containers for damage or leaks before handling. If the original label is damaged or missing replace with a workplace label. Have suitable emergency equipment for fires, spills and leaks readily available. |
| Conditions for Safe Storage | Store in a cool, dry, well-ventilated area, out of direct sunlight, away from heat sources and incompatible materials. Always store in original labeled container. Keep containers tightly closed when not in use and when empty. Empty containers may contain hazardous residues. Protect label and keep it visible. |
| Incompatibilities | Acids, such as sulphuric, nitric, hydrochloric, phosphoric, fluosilicic (HFSA), sulphonic, acetic, citric, oxalic, and formic. |

Section 08 Exposure Controls and Personal Protection

Exposure limits

There are no known exposure limits for this product.

Engineering controls

| | |
|---------------------------------|---|
| Ventilation Requirements | Mechanical ventilation (dilution or local exhaust), process or personnel enclosure and control of process conditions should be provided in accordance with all fire codes and regulatory requirements. Supply sufficient replacement air to make up for air removed by exhaust systems. |
| Other | An eye wash bottle or eye wash station should be available, tested, and be in close proximity to the product being handled in accordance with provincial regulations. |

Protective equipment

The following are recommendations only. It is the responsibility of the employer / user to conduct a hazard assessment of the process in which this product being used and determine the proper engineering controls and PPE for their process. Additional regulatory and safety information should be sought from local authorities and, if needed, a professional industrial hygienist.

| | |
|---------------------------------|--|
| Eye and face protection | Where there is potential eye or face exposure, tightly fitting chemical goggles are recommended. Contact lenses are not recommended; they may contribute to severe eye injury. |
| Hand and body protection | Disposable latex or nitrile gloves are recommended to prevent incidental contact. Butyl rubber, neoprene, or PVC skin protection is recommended for extended contact. Leather gloves are not recommended for chemical protection. Refer to manufacturer's specifications for breakthrough times and permeability information; note that breakthrough times and permeability vary with temperature, application and age of material. Continued use of contaminated safety gear or clothing is not recommended; wash before reuse or discard. Contaminated work clothing should not be allowed out of the workplace. |
| Respiratory protection | In case of insufficient ventilation wear suitable respiratory equipment. |
| Thermal hazards | Not available |

Section 09 Physical and Chemical Properties

Appearance

| | |
|------------------------|---------------|
| Physical state | Blocks |
| Colour | Yellow |
| Odour | Musty |
| Odour threshold | Not available |

Property

| | |
|--|------------------|
| pH | 6.0-8.0 |
| Melting point / freezing point | Not available |
| Initial boiling point and boiling range | Not available |
| Flash point | Not applicable |
| Evaporation rate | Not available |
| Flammability | Not flammable |
| Upper flammable limit | Not available |
| Lower flammable limit | Not available |
| Vapour pressure | Not available |
| Vapour density | Not available |
| Relative density | Not available |
| Solubility | Soluble in water |
| Partition coefficient: n-octanol/water | Not available |

| | |
|----------------------------------|--------------------------|
| Auto-ignition temperature | Not available |
| Decomposition temperature | Not available |
| Viscosity | Not applicable |
| Specific gravity | Not applicable |
| Formula | Not applicable (mixture) |
| Molecular weight | Not applicable (mixture) |

Section 10 Stability and Reactivity

| | |
|---|---|
| Reactivity | Not reactive under normal conditions of use. |
| Stability | This product is stable if stored according to the recommendations in Section 07. |
| Possibility of hazardous reactions | Hazardous polymerization is not known to occur. |
| Conditions to avoid | Avoid contact with incompatible materials. |
| Incompatible materials | Acids, such as sulphuric, nitric, hydrochloric, phosphoric, fluoro-silicic (HFSA), sulphonic, acetic, citric, oxalic, and formic. |
| Hazardous decomposition products | Thermal decomposition may produce oxides of carbon and nitrogen. |

Section 11 Toxicological Information

Acute Toxicity (LD50 values)

There is no available toxicity data for this product.

Toxic Health Effect Summary

| | |
|---------------------------------|--|
| Chemical characteristics | No known effects |
| Skin | May cause an allergic skin reaction. |
| Ingestion | May cause discomfort or nausea. |
| Inhalation | May cause allergy or asthma symptoms or breathing difficulties if inhaled. |
| Eye contact | Causes eye irritation. |
| Sensitization | Repeated or prolonged contact may cause skin sensitization Repeated or prolonged inhalation exposure may cause asthma |
| Mutagenicity | This product and its components at their listed concentration have no known mutagenic effects. |
| Carcinogenicity | This product and its components at their listed concentration have no known carcinogenic effects. |
| Reproductive toxicity | This product and its components at their listed concentration have no known reproductive effects. |
| Specific organ toxicity | This product and its components at their listed concentration have no known effects on specific organs. |
| Aspiration hazard | Not available |
| Synergistic materials | Not available |

Section 12 Ecological Information

Ecotoxicity

there is no available toxicity data for this product.

| | |
|------------------------------|---|
| Biodegradability | The domestic substance list categorizes all of the components of this product as non-persistent. |
| Bioaccumulation | The domestic substance list categorizes all of the components of this product as non-bioaccumulative. |
| Mobility | This product is water soluble, is not predicted to adsorb to soil and may contaminate ground water. |
| Other adverse effects | Not available |

Section 13 Disposal Considerations

| | |
|--|--|
| Waste From Residues / Unused Products | Dispose in accordance with all federal, provincial, and local regulations including the Canadian Environmental Protection Act. |
| Contaminated Packaging | Do not remove label, follow label warnings even after the container is empty. Empty containers should be recycled or disposed of at an approved waste handling facility. |

Section 14 Transport Information

| | |
|--|---|
| UN number | Not available |
| UN proper shipping name and description | Not available |
| Transport hazard class(es) | Not available |
| Packing group | Not available |
| Excepted quantities | Not available |
| Environmental hazards | Not listed as a marine pollutant under Canadian TDG Regulations, schedule III. |
| Special precautions | No special provisions |
| Transport in bulk | ERAP index: not available |
| Additional information | MARPOL 73/78 and IBC Code: This product is not listed in Chapter 17 of the IBC Code. Secure containers (full or empty) during shipment and ensure all caps, valves, or closures are secured in the closed position. |

TDG PRODUCT CLASSIFICATION: This product has been classified on the preparation date specified at section 16 of this SDS, for transportation in accordance with the requirements of part 2 of the Transportation of Dangerous Goods Regulations. If applicable, testing and published test data regarding the classification of this product are listed in the references at section 16 of this SDS.

Section 15 Regulatory Information.

NOTE: THE PRODUCT LISTED ON THIS SAFETY DATA SHEET HAS BEEN CLASSIFIED IN ACCORDANCE WITH THE HAZARD CRITERIA OF THE CANADIAN HAZARDOUS PRODUCTS REGULATIONS. THIS SAFETY DATA SHEET CONTAINS ALL INFORMATION REQUIRED BY THOSE REGULATIONS.

All components of this product appear on the domestic substance list or are not required to be listed.

Section 16 Other Information

Date of latest revision: January 03, 2020

Note: The responsibility to provide a safe workplace remains with the buyer / user. The buyer / user should consider the health hazards and safety information contained herein as a guide and should take those precautions required in an individual operation to instruct employees and develop work practice procedures for a safe work environment. The information contained herein is, to the best of our knowledge and belief, accurate. However, since the conditions of handling and use are beyond our control, we make no guarantee of results, and assume no liability for damages incurred by the use of this material. It is the responsibility of the buyer / user to comply with all applicable laws and regulations regarding handling, using, reselling and shipping this product.

Attention: Receiver of the chemical goods / SDS coordinator

As part of our commitment to the RDC Responsible Distribution® initiative, ClearTech Industries Inc. and its associated companies require, as a condition of sale, that you forward the attached Safety Data Sheet(s) to all affected employees, customers, and end-users. ClearTech will send any available supplementary handling, health, and safety information to you at your request.

If you have any questions or concerns please call our customer service center.
